Presenter: **Sarah Bailey, M. Ed, IECMH-E®**
Director of Outreach and Sustainability, Infancy Onward

Link to bio: [click here](#)

Children with Prenatal Alcohol Exposure struggle with choices and consequences regardless of appropriate instruction, lack age-appropriate attentiveness, and negatively react to the smallest disruption of their routine.

- Learn the effects of specific substances
- Understand the direct effects of prenatal substance and alcohol exposure
- Guide children's behavior in a positive, meaningful manner
- Discuss strategies to help children feel safe and calm in their environment
- Identify what needs to be put into place to support social emotional development

This webinar has been approved for 2 CEU credits by the Indiana Social Worker, Marriage and Family Therapist and Mental Health Counselor Board to provide Category I Continuing Education programs for: LSW, LCSW, LMFT, LMHC, LMFTA, LCAC and LACs.
